KEYS & STRINGS

PIANO & GUITAR SHOP | BUSINESS PROFILE

A specialist instrument retailer for people who want to play, practice, perform, and keep improving—whether they are buying their first instrument or replacing one they have outgrown.

Who we are

Keys & Strings is a fictional, independently run music store based in Beirut, Lebanon. We specialize in pianos and guitars rather than trying to stock every instrument. Customers can explore instruments through our showroom and request guidance remotely. Our approach is simple: understand what someone wants to play, how and where they will use the instrument, and what they can realistically spend before suggesting a product.

Mission and vision

Our mission is to make choosing a piano or guitar less intimidating and more informed. We want players to leave with an instrument that suits their needs—not just the most expensive model they can afford. Our long-term vision is to become a trusted local destination for honest music-gear advice and reliable after-sales support.

What we sell

- **Acoustic pianos.** Upright pianos and selected larger acoustic instruments for home practice, teaching, and performance.
- **Digital pianos.** Home and stage-oriented digital pianos, including options suited to headphone practice and computer connectivity.
- **Acoustic guitars.** Steel-string and nylon-string guitars for beginners and experienced players, including selected acoustic-electric models.
- **Electric guitars.** Electric guitars suited to different playing styles and experience levels.
- **Guitar amplifiers.** Practice amps and larger amplifiers for electric-guitar players.
- **Essential accessories.** Piano benches, stands, sustain pedals, headphones and protective covers; guitar strings, picks, tuners, straps, cables, capos and cases.

Who we serve

First-time players, parents buying for students, hobbyists returning to music, working musicians, and teachers. We also help customers who need an apartment-friendly practice setup, a suitable amplifier, or an instrument that works with their home recording setup.

Services and support

- **Guided selection.** Recommendations based on budget, experience, musical goals, space, noise constraints and practical requirements.
- **Try-before-you-buy guidance.** In-store instrument demonstrations, with appointments recommended for acoustic pianos and extended amplifier comparisons.

- **Setup assistance.** Basic guitar restringing and setup by appointment, plus initial guidance for digital-piano connectivity and guitar-amplifier use.
- **Delivery coordination.** Customer pickup or delivery across supported areas of Lebanon; acoustic-piano transport is quoted and arranged separately.
- **After-sales support.** Help interpreting product instructions, finding compatible accessories and starting warranty inquiries.

Our team

- **Mokhtar Nasser — Co-founder & Piano Specialist.** A pianist and teacher who guides customers on piano touch, practice needs, acoustics and digital-piano features.
- **Muhiddine Aleily — Co-founder & Guitar Specialist.** A guitarist with a background in live performance who helps with guitar selection, amplifiers, playability and accessories.
- **Jad Haidar — Customer Experience & Operations.** Coordinates enquiries, showroom appointments, delivery questions and after-sales requests.

What makes us different

We deliberately focus on two instrument families. That gives customers clearer advice, more meaningful comparisons, and staff who can explain the tradeoffs between an acoustic and digital piano or between different guitar-and-amp setups. Our recommendations start with the customer's needs, and we are comfortable saying when a less expensive option is the better choice.

How the store operates

- **Showroom.** Based in Beirut, Lebanon. Hours: Monday–Saturday, 10:00 a.m.–6:00 p.m.; closed Sunday. Appointments are recommended for longer demonstrations.
- **Purchasing.** Prices are fictional USD figures; special orders require a staff quote. Staff confirm totals, applicable charges and orders. The chatbot cannot take payment or reserve stock.
- **Delivery.** Free pickup; eligible boxed-item delivery is $10 in Beirut or $20 in Mount Lebanon, pending confirmation. Other areas and acoustic-piano moves require quotes.
- **Returns.** Unused standard-stock items may be returned within 14 calendar days with proof of purchase and original packaging, subject to inspection. Opened consumables, acoustic pianos and special orders have separate terms. Approved refunds are usually processed within 10 business days; legal rights remain unaffected.
- **Warranty.** Manufacturer terms vary by product and region; staff verify individual coverage. Defective or incorrect goods are handled separately from ordinary returns.

Important limits on product information

This profile explains the business, not a live product catalogue. Exact brands, models, prices, specifications and current stock will be maintained in a separate approved catalogue. The shop assistant should consult that source before making model-specific claims. If information is missing or uncertain, it should say so and offer to pass the question to the team rather than guessing.
